

DISCOVERY LAND

Walkers Curriculum

I Know my Bible Basics

The Walkers curriculum is a one-year curriculum and does not follow the Scope and Sequence that Runners, Preschool, and Elementary follow.

A Message from Kris Smoll

Dear Discovery Land Leaders,

Psalm 78:4 ~ “We will not hide them from their children; we will tell the next generation the praiseworthy deeds of the Lord, His power, and the wonders He has done.”

This year we have the joy and honor of introducing our children to God's Word and teaching them about the one true God. We will discover that He is the Creator of the whole world, but yet He still knows, loves, and walks through life with us.

What an honor it is to be one of the very first teachers who partners with parents to teach these little ones. Please remember to pray for the children each week as you prepare your lesson. Pray for calm bodies and souls during the Bible lesson, so their ears and hearts will be ready to hear the truth and then fall in love with God for the rest of their life.

Joyfully serving Him,

Kris Smoll

Executive Director of Discovery Land Global

Understanding Discovery Land

Overview

Discovery Land (DL) is designed to be a FUN, ENGAGING, and EFFECTIVE way to inspire kids to know and love God. It is strategic and purposeful, and considers the spiritual development of children beginning at six months of age and continuing through their transition to middle school ministry.

The DL curriculum was developed to teach children:

1. **The Bible:** the big picture of the Old Testament and New Testament as a whole, unified revelation of God's truth to us.
2. **The Gospel of Jesus:** salvation by grace through faith as presented throughout the entire Bible.
3. **The Basics of Christianity:** life transformation through prayer, worship, evangelism, Scripture memory, baptism, communion, tithing, fellowship, serving, missions, etc. (complete list, by age, available in the On Track Map).

Walkers Lessons are based on a KNOW RIGHT → THINK RIGHT → DO RIGHT structure

Know Right:	A key truth from Scripture – 2 Timothy 2:15
Think Right:	A Scripture verse – Psalm 1:2
Do Right:	Life application point for the lesson – James 1:22

DL Leaders

Each Walkers group typically has several rotational Classroom Helpers and a weekly Lead Teacher.

Lead Teacher: Responsible for teaching an effective Bible lesson that captures the children's attention and creates spiritual growth by following the Discovery Land program, as well as providing leadership of the children and other volunteers throughout the morning.

Classroom Helper: Responsible for welcoming and caring for children, meeting their needs, and helping them to engage in the teaching and activities.

Curriculum note: Instructions/reminders for teachers are shown in *italics* and answers to questions are shown in (parentheses).

LEADER TIPS:

Arrive 20 minutes before the service and be ready to greet the first child who arrives 15 minutes before the service.

Your smile and encouraging words are critical in making children feel comfortable the moment they walk in the room.

Walkers Program Overview

Discovery Land for Walkers is made up of seven components:

1. Coming In Time (includes Free Play)
2. Clean Up
3. Large Group Opening Time (includes worship)
4. Bible Lesson
5. Craft or Activity
6. Snack and Lesson Review
7. Free Play

These pieces provide a developmentally appropriate balance of free play and activities that engage children in learning several “Bible basics.”

SUGGESTED SCHEDULE

:-20	Volunteers ready and prepared to welcome children as they arrive
:-15	Coming In Time
:25	Clean Up
:30	Large Group Time
:35	Bible Lesson
:45	Craft or Activity
:55	Snack & Lesson Review
:60	Free Play
:65	Parents pick up children

Coming In Time

The purpose of Coming In Time is to help children become comfortable with the volunteers and being separated from their parents. Warmly welcome children by name and interact with them during Coming In Time. To make the most of Coming In Time, we suggest playing age-appropriate praise music and providing Bible-based books, puzzles, age appropriate toys, etc.

Clean Up

Clean Up time helps children transition from play to Large Group Opening Time. Children are encouraged to join leaders in helping to put toys and books back in their proper places. A song, such as “Let’s Clean Up” that is played consistently during Clean Up Time is a very helpful cue for children to begin cleaning up.

Large Group Time

LEADER TIPS

Please be patient with the children. For many, this is their first time with a structured teaching time. Make sure you provide a consistent routine for your class. You will be amazed how your children will learn and grow.

Large Group Time is designed to:

- Give children an opportunity to sing and worship together
- Review Bible Basics
- Introduce and teach simple paraphrased verses

Tip: Have a designated teaching area without toys visible. Provide small chairs or a set of steps for children to sit on. Make sure all your volunteers are involved in helping children sit and focus on the lesson. Also, make sure you set correct expectations for your children.

Bible Lesson

The Bible lesson for Walkers brings the Bible to life at a very basic level. The curriculum includes an age-appropriate Biblical truth.

Suggested steps for preparing your Bible lesson:

1. Pray for God's direction and leading. Also spend time praying for your children by name.
2. Read the verse from your Bible.
3. Read the curriculum.
4. Plan your lesson. Each week you may have to make quick decisions on the length of your lesson based on the attention span of the children. Have high expectations but be prepared to adjust as needed.
5. Make your lesson come alive with props, pictures, or actions, utilizing the creative ideas in the curriculum.
6. Practice the lesson so you can "Bring the Bible to Life" with excitement in your voice and good eye contact with your children.
7. Teachers should always have their Bibles open during the entire lesson so children know the verse is coming from the Bible. Due to the value we place on teaching children that the narratives come directly from the Bible, please do not read the lesson from a Bible storybook.

Craft or Activity

Following the Bible lesson, children engage in a craft or activity that reinforces what they've learned. They will often have a completed project to take home for parents to use to reinforce the lesson at home.

LEADER TIPS

To help children remain focused on the project, 1-2 volunteers should remain at each table to assist them as needed and to keep supplies in front of them.

While kids are working, reinforce the Know, Think, and Do Right points from the lesson.

Snack and Lesson Review

LEADER TIPS

Check for allergies before offering food to a child!

Make sure hands and tables are clean and ready prior to passing out snacks. Children love to help by wiping their table spot with a wipe.

Try a simple poem to get their attention, like: Open shut them, Open shut them, Give a little clap; Open shut them, Open shut them, Put them in your lap! Now let's pray...

Before snack, a leader prays a simple prayer. While the children are eating, leaders review the lesson.

Free Play

Children return to free play, if time permits, as parents pick up children.

Lesson 32

Know Right:	God made my eyes.
Think Right:	"I am wonderfully made." Psalm 139:14 (paraphrased)
Do Right:	I will thank God for making me.

Note to teachers: *In today's lesson we are learning about how God created us and thanking Him for making us. Since we live in a world that has been damaged by sin over time, some of our bodies have been affected by disease or disability. Our eyes, ears, or other parts of our bodies might not work the way that God designed them to work.*

When we study Scripture, we see that God has created each person with intention and love. This includes people with disabilities. Jesus spent much of His earthly ministry caring for those with disabilities. In John 9, Jesus teaches that the man's blindness was not a punishment for sin, but rather an opportunity for God's work to be displayed. God is able to display His love and glory through all of us, and each of us is invited to be part of His work in sharing the Good News about Jesus.

If there is a child in your class who is affected by a disability, here are some things you can say during your lesson:

- "God loves all of us equally, even if our (eyes, ears, legs, etc.) don't work."
- "God made all human beings in His image, even if our (eyes, ears, legs, etc.) don't work." (Genesis 1:26-27)
- "God made our bodies so amazing. He gives us many ways to understand the world around us, and if parts of our bodies don't work, He gives us people to help us."
- "Sometimes our bodies don't work the way God made them to work, but we know that in heaven our ____ (eyes, ears, legs, etc.) will work perfectly!"

Sincere thanks to Shawn Thornton, Pastor of Calvary Community Church in Westlake Village, CA for the use of the Think, Do, and Feel Right concept. This idea, with the addition of Know Right, became the structure of each Bible-centered lesson in this curriculum. We greatly appreciate that he has allowed this idea to land and remain in this curriculum, so others can be equipped to teach children to Know, Think, Do, and Feel Right.

We are grateful to Awana for allowing us to reference the Awana program within this curriculum. We firmly believe God is using the tightly woven relationship between this Sunday curriculum and mid-week Awana ministries to create a strong and lasting impact on the students of Appleton Alliance Church. It is a privilege to provide resources for others to do the same.
